Article 1:

New CASM system in  
place

Article 2:

Bravery of Officer  
Sulaiman at 9 Millbank

Article 3:

New sites across  
London

**Wow! We have been busy over the festive period! Check out what we have been up to, but first from all of us at KRM, we hope everyone had a wonderful Christmas, and we would like to wish everyone a happy and successful New Year and New Decade!**

Have you followed us on social media? If not check out the pages below:

 krm security services ltd

Did you know we have now attained NASDU accreditation? This now shows we are well organized in the delivery of dog handling services across the UK

KRM Security Services is proud to announce that recently we have become a proud member of the Armed Forces Covenant. We have pledged to do as much as we can to help veterans once they come out of the army including offering them a variety of employment opportunities

# KRM's new CASM System

Our new way to ensure perfect service delivery

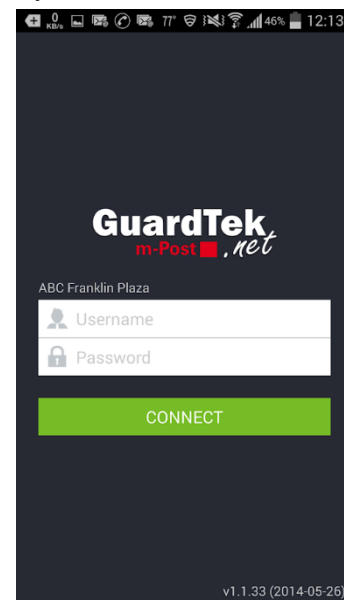

*In  
Partnership  
With*

KRM Security Services has proudly entered in a partnership with Trackforce to develop its new, state of the art, CASM (computer aided security management) system. The new electronic system has been deployed on all KRM sites and is monitored closely by our 24/7 control room. The system allows for consistent monitoring of staff, their activity, there whereabouts and the quality of their work. The new system prevents any operational mishaps from occurring and brings peace of mind to all our clients. The all new client portal allows clientele to monitor and log the activity of all KRM staff placed on their site.

Furthermore, the new system heavily reduces paper usage within the company, helping us in working towards our goal of becoming a paper-free eco-friendly company by 2022 so we can play our part in helping the environment. The new CASM system will be installed across all sites and all future sites

# Officer Sulaiman

KRM Security Services would like to commend Officer Sulaiman for his bravery and his courageousness in fighting off a burglar, at one of our most prestigious sites, 9 Millbank. In the middle of the night, a burglar trespassed into the site, entering the project office. Officer Sulaiman selflessly ran up there to see what was going on as he heard noises, and upon entering the office he saw the burglar. He chased the burglar out of the building before he was able to do any damage and ensured the safety of the building and all its contents. Thanks to the officer's bravery, the site was unharmed, and he was awarded employee of the month for January. Well done Sulaiman!

Congratulations is also due to our employee of the month for December, Abeer. He was given this award to reward his consistent hard work and dedication to all sites. As our contract manager, Abeer has worked hard to maintain operations across all sites. Well Done Abeer, keep it up!

*An insight into next edition...*  
Check out our next edition to see further development of our community outreach program, due April 2020!

## New Appointments

We have had new staff join our team at KRM Security Services over the last few months, from Sales Directors to Security Guards. We gladly welcome them and wish them all the best of luck in their KRM careers.

### Lee Palling

We would like to welcome Lee Palling, the latest addition to our sales and marketing team. Lee has joined us as a Senior Business Development manager and is keen to bring his experience and drive to the company. An ex-soldier, Le describes himself as very motivated and hardworking, and we are looking forward into welcoming his discipline into the company. Lee will work closely as part of our sales and marketing team to help us expand and reach our ambitions, which makes him the perfect man for the job as he too is very ambitious!

Have you seen our brand spanking new brochure? If not head over to our website or do request one by emailing [info@krmsecurity.co.uk](mailto:info@krmsecurity.co.uk)

We are very happy to announce that KRM Security Services Limited is well on its way to achieving SIA/ACS status. We are hoping to have been certified as ACS by the next edition, so look out for our next edition coming April 2020!!!

## New Sites

KRM Security is proud to announce that we have begun work on two new sites across London. The first, we are working with our wonderful client Wooldridge Demolition Ltd. We have been working with Wooldridge for the last few years and have worked with them across many different sites. Now, we embark with them at their latest project, in Sherwood Close, West Ealing, just a hop away from our head office on Hanger Lane.

We are also very pleased to announce that we have begun work with a new client. KRM have begun working with BUPA, at one of their largest hospitals in the UK, Cromwell Hospital. We have begun working here, providing security officers and cleaners around the site and we are very much optimistic in what this could bring for us in the future.
