Did you know that we have been working in partnership with our CASM (Computer Aided Security Management) system provider for over a year now? In that time, we have performed 10's of 1000's of patrols, and trained over 50 staff on this software

KRM Security Services has successfully maintained it's 11 accreditations, and now has a re-audit coming up in April 2021 for SIA/ACS and ISO9001, which our officers have co-operated with very well.

# Third Lockdown

It's not over just yet...

In December, we thought we had overcome the worst of the COVID-19 pandemic. As a result, restrictions were lifted. However, complacency took over again, and as a result, the R number across the United Kingdom quickly began to rise. Following this, as of 4<sup>th</sup> of January 2021, the UK entered a third national lockdown, until 12<sup>th</sup> April 2020. As a result, many offices, shop's and other businesses quickly shutdown. As a security company however, we have remained fully operational throughout the second lockdown. Our operations team and control room have worked hard to ensure that all sites have been manned as required, and our back office teams have been working hard to ensure we are still compliant with all regulations. During this difficult period, we have actually managed to begin provisions at a new site. We have sent out numerous memorandums to our staff to ensure that they are all kept safe and healthy.

We do suggest that everyone installs the NHS Test and Trace app to ensure that they are informed if they come into contact with someone who has contracted coronavirus.

# Unfortunate passing of our BDM, Ritesh Parikh

On 1<sup>st</sup> January 2021, as we entered the new year hopeful for the year ahead looking forward to working as a team and expanding, we received the shocking news, that our much beloved colleague and friend, our Business Development Manager Ritesh Parikh had sadly passed away. His upbeat style and dedication will be surely missed, and we send our condolences and regards to Ritesh's family during this extremely difficult time. We have lost one of our closest team members and colleagues, who had built relations with so many. He will be surely missed.

## New Sites

KRM Security is thrilled to announce that we have expanded!!

We have begun ad/hoc security provisions and concierge provisions at a new site, with a new client. Working with the Mainstay Group, we have now begun provisions at Marine Wharf, in South East London. The residential site is very excited to begin working with KRM Security Services Ltd.

We are also very pleased to announce that in the last quarter, we have quoted for over £2Million worth of new business, and we are excited to see what the coming few months will bring.
